COVER PICTURE

SYMBOLIC OF SAFE HARBOR AND JOYFUL HOMECOMING, NED'S POINT LIGHTHOUSE HAS AN INDELIBLE PLACE IN THE HEARTS OF MANY TOWNSPEOPLE WHO ENJOY ITS HARBOR AND SHORE AND SEASIDE PARK. SADLY THE OLD LIGHTHOUSE NOW IS BEST SEEN FROM A DISTANCE SINCE THE CHICKEN WIRE PROTECTION AROUND ITS GLASS HAS BECOME NECESSARY. THE CONSTANT DEFACING OF ITS WHITE PAINT BY THE GRAFFITI COMMENT OF VANDALS ALSO REQUIRES CAREFUL PREPARATION OF PHOTOGRAPHIC ANGLES. IT IS A SAD COMMENTARY ON OUR TIME THAT THE ENJOYMENT OF NATURE IS MARRIED BY SUB-HUMAN INCAPACITY TO APPRECIATE BEAUTY OF ANY KIND.

Association President

JOHN N. DeCOSTA ELECTED PRESIDENT,

Mr. DeCosta's election as President marks the first time a Selectman from Matapoisett has been elected to this most important position.

Board of Assessors, listened to a presentation of possible computer connection to Old Colony Vocational-Technical High School arranged by Executive Secretary Stephen Lombard. Robert Fay and Ralph Sanford of Old Colony and Dominic Triano of Digital Computer Corp. recommended that the Town Hall be connected to the \$100,000 Old Colony PDP 1170 central processors. This unit is capable of multiple input, storage and readout simultaneously and in complete confidence. To link to this main computer, via telephone line, the town hall would install a CRT terminal (a unit with screen and keyboard), a printing unit, a multiplex or with 8 channels and a single dial up module at Old Colony. This equipment would be purchased and the total cost for the first year of operation would be \$12,266. The cost per year after purchase of the equipment would be \$4,250. The records and billing of Treasurer, Assessors, Town Clerk, Town Accountant, Police and Water Departments would be transferred via the CRT terminal to Old Colony's PDP 1170 where it would be taped and could be recalled by telephone line link to the video screen or the printing unit for any of

They were assured that the tape could be made in duplicate and updated on a regular basis. Mr. Sanford said that the programming could be done by a private concern or could be done by students if time were not a factor. The Assessors will inspect a similar installation on the Cape and meet again with the Selectmen in November to discuss the matter.

There are many issues and referendum questions facing voters in the November election, and Candidates' Night provides an excellent opportunity to find out from the

SELECTMEN IN OPPOSITION TO 2 1/2

As the election on November 4th nears, the Board of Selectmen, in an effort to inform the voters of the Town of Mattapoisett, must express their opposition to PROPOSITION 2 1/2.

For many years we have strived to keep the property taxes at a minimum and to responsibly operate the town in an efficient manner. In a joint effort between the various department heads and committees, the Town of Mattapoisett has enjoyed a very stable tax rate over the past five years.

The cities and towns throughout the commonwealth have been under the tax cap imposed by the Governor but even under his plan there was room for local control in budgeting for the various services that we have long enjoyed.

Now comes Proposition 2 1/2. The Board of Selectmen realizes the need for tax relief, but this drastic measure strikes at the heart of what we have been striving to protect for years and that is Home Rule.

Under the provisions of Proposition 2 1/2, there are some savings in property taxes that will lead some voters to expound the

virtues of this proposal. A closer look at the proposition and its ramifications brings us to realize that the real effects of the Proposition 2 1/2 would have on our town:

A. If Proposition 2 1/2 is passed, the Town of Mattapoisett would incur an immediate loss in revenue due to the change in the Motor Vehicle Excise Tax formula. It becomes necessary, therefore, for the town to cut back on services, programs and to impose user fees for services that

the town has enjoyed for years in order to absorb these losses.

B. This proposition does not allow for the normal growth of a city or town. Because of the reduction set forth under Proposition 2 1/2, we are at the mercy of State Government and Home Rule is threatened. How can a town sufficiently rule itself with an imposition of a law that reduces growth which in turn restricts policy decisions?

C. The Town of Mattapoisett can override the 2 1/2% limit only if the increase is approved by a 2/3 local vote at a biennial general election or at a general election called by the General Court. No local community may call its own special election for the purpose of this override.

D. Future increases in the growth of the town's tax base will not provide new revenue to municipalities for increased services due to expended development. The reason for this is because provisions of Proposition 2 1/2 state that once the 2 1/2% limit is reached, the property tax levy can only be increased by no more than 2 1/2% annually regardless of any growth in the full and fair cash value of the community. This means that although we have new homes being built and new businesses locating in the Corporate Park that increase our tax

base, the town cannot raise its property tax levy because of the increase in the tax base. The town would be limited to a 2 1/2% increase over the prior year's levy even though the town has to increase its services to accommodate these new homes and businesses.

E. The proposition does not allow for exemptions when determining the levy (i.e. debt service, pensions and court ordered costs).

When the voters first look at Proposition 2 1/2, it appears to be an answer for all concerned, but it is not.

There are "red herrings" throughout the whole Proposition that appeal to different factions of the community; for example provisions that allow a 50% rental deduction in the taxable income before computation of state income tax to be paid.

It is common sense that if state taxes are reduced, reimbursement from the state would then also be reduced which in turn would also reduce the budget further.

This marked reduction in the budget would also lessen the amount of Revenue Shar-

sorbed these costs in order to maintain a satisfactory level of property taxes. This will no longer be true under Proposition 2 1/2. The only feasible way of handling these increasing costs is to pass them on to the users in the town.

The immediate impact of 2 1/2 would be felt by the elderly of our town who depend heavily on the services provided for them (i.e. bus service, visiting nurses, rubbish collection and the public safety departments). Recreation, road repairs and maintenance in the town would suffer because of the need to cut back in order to provide essential services.

Because of the reasons cited above, the Board of Selectmen has gone on record as being opposed to Proposition 2 1/2, and we urge every voter to get out to the polls and vote NO on QUESTION #2. This is the chance for the voters of the Town of Mattapoisett to protect what is theirs.

Meeting the challenges

- . The most important thing the government can do to help the American family is to make a bold commitment to long-term, job-producing economic growth.
- . The greatest hope for our energy future is in increased domestic production, combined with conservation.
- . Social Security should be strengthened to guarantee senior citizens that they won't have to worry about their benefits.
- . America's national security is best guaranteed by a defense capability second to none. We must stand by our allies and be respected in the world...
- . Reducing inflationary pressure through responsible fiscal and monetary policy will improve life for all Americans.

Rochester Historical Society

The Oldest Known Map of Old Rochester is
now available to the people of Old Roch-
ester. Meticulously copied by hand by
Henry A. Hartley of Rochester, and printed
in heavy parchment, this map is a very ex-
act copy of a map made in 1794.

Houses are not shown, but mills of every
kind, even a windmill, are shown, as well
as all the meetinghouses, and the "rode to
Mattapoyset", the "Sippykan Mill Pond"
and "Ye tide flows to this point". As you
can tell, the spelling is bad, the roads do
not really resemble today's roads, and
some known areas have different names..

The map is the same size as the original
- about 16 x 22 - and is available in a
very limited edition on a first come, first
serve basis. Price to members of the His-
torical Society is \$7.00 and the general
public at \$10.

Where else can you find "Rochester Har-
bor"?

This exciting project, more legible than
the original, was presented to the Histori-
cal Society at their annual meeting last
Wednesday, at which time the election of
officers took place, returning all the in-
cumbents to office.

pated in Acceptance Day ceremonies at the U.S. Merchant Marine Academy on September 6.

The colorful event annually marks the official "acceptance" of the plebe class into the ranks of Kings Point's Regiment of Midshipmen.

A graduate of Tabor Academy, Midshipman Atkinson, along with more than 320 plebes, were administered the Academy oath by Rear Adm. Thomas A. King, USMS, the superintendent. They were later sworn in as U.S. Naval Reserve midshipmen.

The plebe class reported to the Academy, which is operated by the Maritime Administration of the U.S. Department of Commerce on July 15. Their initial month and a half was spent in orientation training and in taking basic courses.

As Best He Could

Editorial, D.C.J.

Four years ago, Jimmy Carter asked, "Why Not the Best?" Even Carter critics would concede he is a sincere, earnest individual. Apparently, over the past 4 years, we have seen the best of Carter. The result is also plain to all. United States' power and influence has never been lower in modern history. Small countries seize our property and imprison our diplomatic personnel. We have paid to give away the Panama Canal. The Carter administration did stand up once against a Russian advance but Jimmy's Olympic offensive did not panic the Soviets. They still occupy

Afghanistan. Since a Democrat administration gave up Cuba to the Communists, they have gathered in Algeria, Tanzania, Zambia, Guinea, Bissau, Angola, Sao Tome and Principe, Benin, Ethiopia, Cape Verde and Nicaragua. In spite of Carter's efforts, a Soviet army is in Afghanistan and Soviet arms back Iraq in the Persian Gulf war. Our weakness is obvious to all. We do not protect our own so why should our friends trust us?

At home, our economy reflects the same weakness. The multi-national oil cartel still operates under the same profit margin once labeled obscene by our leader.

Since oil is the blood of an industrial nation we are bled white. Jimmy would put us all on the bus. This is not great comfort to a nation whose entire economy is geared to the auto industry.

While we don't doubt that Jimmy Carter has done the best he can over the past

HALLOWEEN POSTER CONTEST

DEADLINE - SAT., OCT. 25th

34 Barstow Street Mattapoisett 758-6542
Mon. - Sat. 9:30 - 5:00 Visa / Master Charge

4 years we are reminded that "those who ignore history are doomed to repeat it." In reward for his best effort, Jimmy Carter has earned an early retirement.

What our country needs now is some strength and purpose at the top. We need someone who recognizes that a nation which ignores its own self-interest in on the way down. We sorely require a leadership that will recognize the fact that the automobile is not a fad. It is here to stay; that you can not eliminate the main spring of an economic system without serious problems in turning the economic gears that require its power; that oil is also required to heat homes and power industry.

Jimmy Carter has given us his best. We need a change.

The winning float depicted a huge bulldog sitting atop a football with the theme, a Bulldog breakthrough. Hats off to the Bulldogs was the theme of the senior class float which had a bulldog perched atop a top hat. The freshman class float showed a player ready to kick a score to the goal post; and the junior class float had a player aiming a javelin at a football for victory.

Also in the line of parade was the ORR

marching band, the bulldog mascot and a fire engine carrying the cheerleaders and the candidates for King and Queen of the Homecoming Dance.

Diane Cook was the winner of the live turkey awarded at halftime.

At the Homecoming Dance held Saturday night Cynthia M. Singleton and Neal E. Sanford were named Queen and King.

ROCHESTER BOWLING LEAGUE-OCT. 14

Herb's T.V. (Herb Snell 329) tuned in on Hartley Saw Mill (Henry Hartley 389) for two points. The Bowling Stones were face to face with a wipe out by Nanfelt's Minks when suddenly, just as the third string had commenced, Nanfelt's Louie McKay (396) noticed (finally) Capt. Foxy Kenney Osborn wore an old Marion Reds ball cap while bowling and disrupted Bob Jefferson's concentration long enough for G.P.C. to sneak away with one point much to the delight of Eddie Strawn (401). Sturtevant & Hook (John Hayes 355) were blinded by the light of Charlie Savery's 440 and dropped two points to Marion Golf.

FIELD WALK - OCTOBER 25th

Bird watching will be the topic of the field walk for Saturday, October 25th. The Winter Birds that we love to see are returning to the area. Chickadees, Nuthatches, Woodpeckers, Titmice, Cardinals, Finches, and Grosbeaks offer a wide variety of colors to watch for and new songs to hear. Please join the Children's Museum and Mrs. Ruth Edwards for a "Fall Bird Walk". This is free and open to all ages; starts at 10:00 a.m.

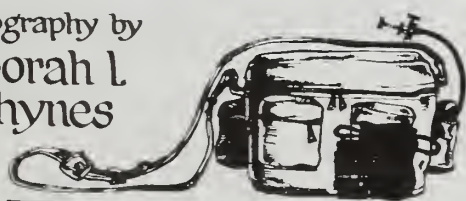

HALLOWEEN WALK - NOVEMBER 1st

The Children's Museum/Museum Outdoors invites one and all to our 5th annual Halloween Walk. This year's event will be held Saturday, November 1st, the night

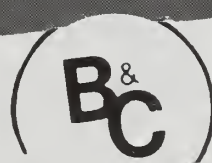

after Halloween, so save your costume, and, if you like, wear it to the Children's Museum Halloween Walk. The fun begins at dusk (about 7:30 p.m.) when walks through the haunted woods at the Museum Outdoors promise as many spooky surprises as past years. Walks will be ongoing all evening, so you can avoid the crush by coming later. The walks are free and are open to children 12 and under. Accompanying adults are welcome. There will be an admission to enter the "Haunted House" (if you dare!). Other Halloween fun, such as catching apples on strings, apple pressing, and the scary story of "John Brown's Body" will be included in the evening's entertainment.
